## Nomination Information

This section is required for the nomination to be considered.

Please explain in your attached letter of support why the individual or organization deserves the award.

While providing details about each point below is not mandatory, it is important to provide specific information that supports the nomination.

- How did the individual/organization get into irrigation as a career or business?

- Provide any educational degrees individual has earned.
- List professional credentials earned by the individual.
- What other related companies or organizations has the individual led, been a member of or is currently involved with?
- List any patents the individual may hold.
- Provide industry innovations or contributions and the impact of each.
- What outstanding qualities have contributed to the impact of the individual organization?

## Letters of Support

- Please include letters of support outlining the nomination information described on this form.
- Letters of support may include links to additional supporting documents (e.g., videos, PowerPoints).
- Multiple letters from individuals in a variety of companies or organizations are strongly encouraged. They should be submitted as a package by the person submitting this form.
- Nomination forms submitted with no attached letters of support will not be considered for nomination.
