

Your Support Is Essential

Water is essential to meet global demands for feed, fuel, fiber and green spaces. Efficient irrigation products and practices can help us responsibly meet these needs, but a skilled hand is needed. The Irrigation Association is dedicated to promoting careers in irrigation and is seeking support from the industry to help fund its student and faculty programs.

Initiative Sponsorship Opportunities

Sponsorship opportunities are a great way to directly align your support with an activity or initiative that's important to you and your company. Industry leaders can now show their support for one of five specific activities by becoming an initiative sponsor. Select the initiative that helps illustrate what's important to you!

Sponsorship Level <i>Please check one. More than one lead sponsor is permissible.</i>	Cost	Website	Irrigation Show General Session	Special Perk
