NOMINATION INFORMATION

This section is required for the nomination to be considered.

Please explain why the individual or organization deserves the award. Some suggestions follow. While every question is not mandatory and you are not limited to the following, it is important to provide specific information which supports the nomination.

- How individual/organization got into irrigation as a career or business.
- Educational degrees individual has earned and institutions.
- Professional credentials earned by the individual.
- Other related organizations individual has led, been a member, or is currently involved.
- Patents the individual may hold.
- Industry innovations or contributions and the impact of each.
- Outstanding qualities that have contributed to the impact of the individual or organization.
- **National Water and Energy Conservation Award:** what were project goals, what were challenges/issues, how were goals met, how much water and/or energy was saved or reduced?

NOTE: The "comments" to support your nomination should be based on your personal recommendations. If the comments supporting a nomination are a duplicate of any other submission, only the first nomination submission will be considered.

Also, if you are nominating an individual from your company or organization, it is strongly suggested that one or more additional nominations be submitted by individual(s) outside of the nominee's company or organization.

Comments of any length may be submitted. You may key in comments directly. "Cut and paste" your comments into the box to retain for your records.
