Dear IA Member:

Thank you for your interest in the 2011 IA Legislative Conference. A grassroots event that is part of our national IA IMPACT grassroots program, the IA Legislative Conference affords members of the Irrigation Association the opportunity to carry our messages to Capitol Hill, with a personal touch.

This year is an important year for the irrigation industry. As Republicans begin their control in the House of Representatives, they will be taking a new view on issues near and dear to the irrigation industry. Issues such as the 2012 farm bill, water availability for irrigation in California, water quality issues in the Chesapeake Bay and Mississippi River basins and issues relating to sustainable landscape and irrigation design will be looked over with fresh eyes – we now have the opportunity to position efficient irrigation technologies, products and services as solutions to these issues and more facing Congress.

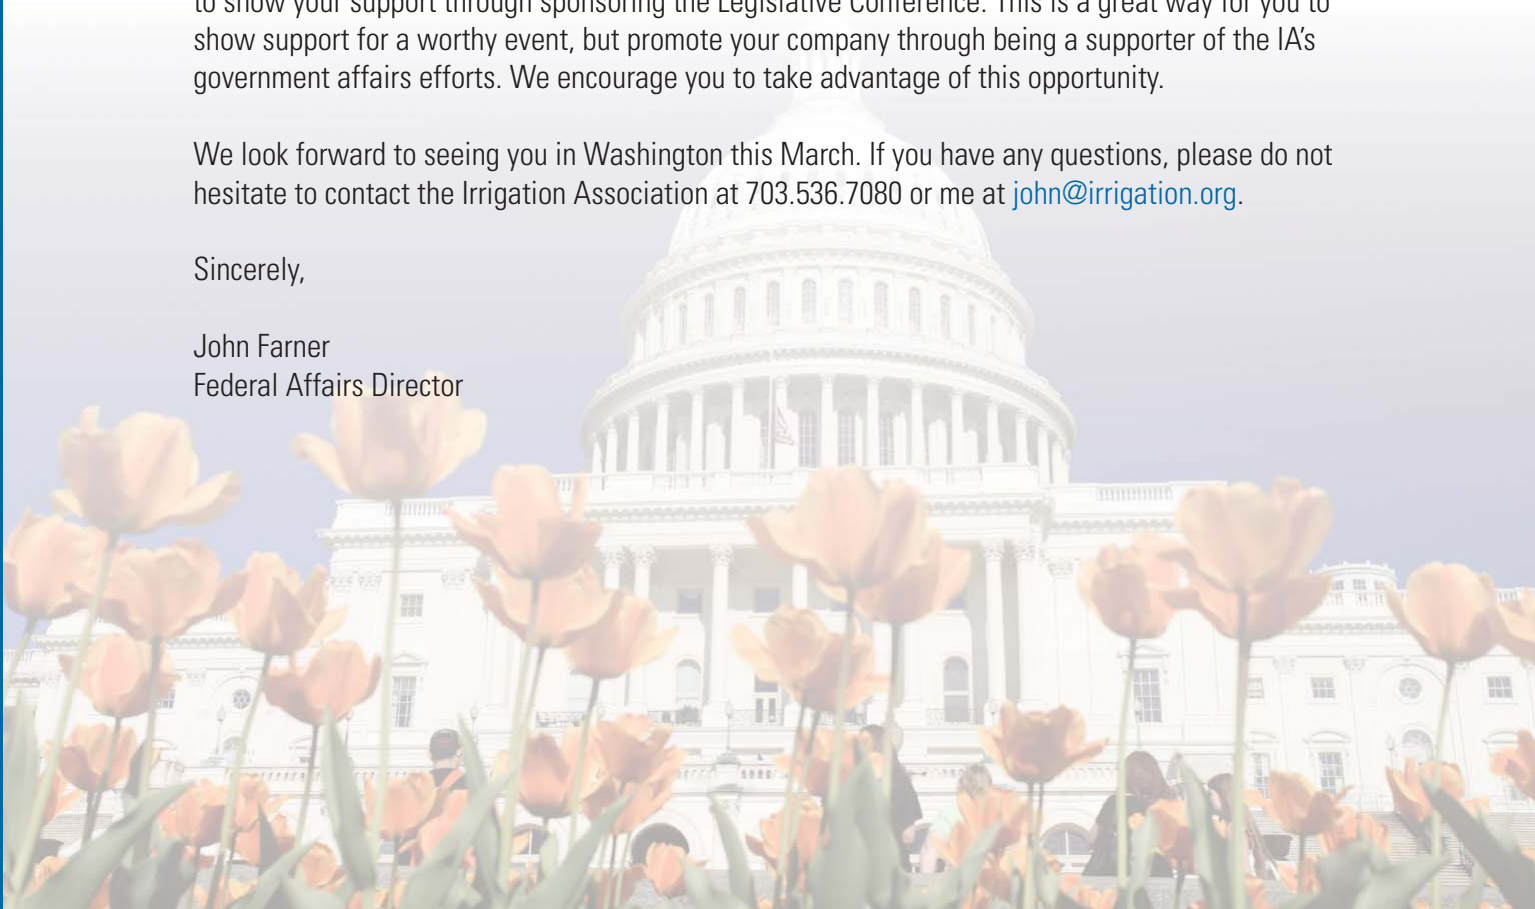

We are excited about the continued support for the IA Legislative Conference that is provided by the Board of Directors and Government Affairs Committee. The 2010 conference was a large success for the IA and we feel that the 2011 Legislative Conference will once again exceed expectations.

Attached you will find a registration form. If you are interested in attending, please fill out the form and return it to the IA Meetings Manager Joy Jump at joy@irrigation.org or fax to 703.536.7019. Registration is free for members of the Irrigation Association; this year you also have the opportunity to show your support through sponsoring the Legislative Conference. This is a great way for you to show support for a worthy event, but promote your company through being a supporter of the IA's government affairs efforts. We encourage you to take advantage of this opportunity.

We look forward to seeing you in Washington this March. If you have any questions, please do not hesitate to contact the Irrigation Association at 703.536.7080 or me at john@irrigation.org.

Sincerely,

John Farner
Federal Affairs Director
