

2019

Irrigation Association Classes

Hosted by:

Landscape Irrigation System Installation & Maintenance

(8 CEUs)

March 4

8 a.m. - 5 p.m.

Learn the basics of hydraulics and irrigation system installation and maintenance. This full-day learning session covers an overview of irrigation system components and how they operate. Learn about gluing and repairing PVC pipe, installing nozzles and adjusting heads, setting and repairing electric valves, and field and controller wiring techniques. Recommended review for the certified irrigation technician exam.

Registration: \$130/person
Includes manual and lunch

Landscape Irrigation Auditor

(16 CEUs)

March 5-6

8 a.m. - 5 p.m.

Assess irrigation system performance with this comprehensive overview of auditing techniques. This two-day session covers field tests and calculating accurate watering schedules based on plant water use, soils and local weather data. Recommended review for the certified landscape irrigation auditor and certified irrigation contractor exams.

Registration: \$190/person
Includes manual and lunch
