Learn

- Sharpen your technical skills, earn CEUs and get essential irrigation industry insights during expert-led educational sessions.
- Document your irrigation expertise by taking an on-site IA certification exam.

“This was my first experience at the Irrigation Show, and I had a blast ... the class and expo helped me put names to faces, explained concepts that I was confused on, and helped me see what other technologies there were aside from just the items that we sell daily.”

- Excerpt from the 2023 Irrigation Show post-event attendee survey

Events

- Connect with peers and leaders from across the industry to discuss shared challenges and opportunities.
- Grow your network and celebrate the industry during exciting events, like the Pacific Coast Party and the Craft Brewfest.

Plan your trip with Connections Housing
