

2026 REGISTRATION FEES

Irrigation Show — All exhibit floor attendees, as well as those participating in an IA University course, are required to register for the Irrigation Show. IA University participants will have the opportunity to add courses during the show registration process. **Irrigation Show registration includes full access** to the exhibit hall, the General Session and breakfast, social/networking activities (excluding invitation-only events), and all Industry Insights and Exchange sessions.

IA University & CAD Landscape Learning Labs — Irrigation Show registration and additional class fees are required to attend education classes. Purchase two classes (excluding the math tutorial) and receive a 100% discount on Irrigation Show registration fees. Class registration is subject to availability as space is limited.

Certification exams — Exams at the show require separate advance registration and a separate fee. Visit our **website** to register by Nov. 30. Irrigation Show registration is not required to take a certification exam; however, it is required to access show activities.
